Education

Heritage Institute of Technology — Kolkata, India
Bachelor of Technology in Computer Science — *2024-2028*

Indian Institute of Technology Madras — Chennai, India
BS in Data Science and Applications — *2024-2028*

MHM School — Kolkata, India
Science Stream — *2022-2024*

Projects

Quotient | *React, Node.js, Typescript, PostgreSQL, MongoDB, Supabase*

- Developed a fully responsive and interactive user interface with React, TypeScript, and Vite, ensuring a seamless experience across desktop and mobile devices.
- Built core interactive features including real-time user reactions, dynamic content feeds (Trending/Latest), and nested commenting threads by implementing robust state management with React Hooks.
- Integrated Supabase as the Backend-as-a-Service (BaaS) to manage the PostgreSQL database, handle user authentication, and provide real-time data for interactive features.

QuickAi | *React, Node.js, PostgreSQL, MongoDB, Clerk*

- Developed a full-stack web application with React as the frontend and NodeJS as backend
- Implemented Clerk Authentication to get data from user.
- Used Neon Database to store the data
- Used OpenAI APIs and Image Processing APIs

Tomato Food Delivery | *MongoDB, Express.js, React, Node.js*

- Developed a full-stack food delivery web application using the MERN stack to create a seamless and responsive user experience
- Implemented secure user authentication and session management using JSON Web Tokens (JWT), safeguarding user data and access to protected routes.
- Integrated the Stripe API to process online payments securely and engineered core e-commerce features such as a dynamic shopping cart.
- Designed and built dual-facing interfaces with distinct user and administrator panels.

Workshops & Learning Initiatives

Google Solutions Challenge Bootcamp (2024)– Participated in a Google-powered bootcamp organized by GDG, gaining hands-on experience with Google Developer tools and insights into real-world problem solving.

GDGOn-Campus HITK Workshop Series (2024) - Participated in multiple sessions on emerging tech topics such as Web3, Blockchain, and Building with AI, conducted by GDG HITK.

Achievements

Top 30 at Hack Heritage 2025 hackathon arranged by Heritage Institute of Technology, Kolkata.

Code On(IEM College) Selected among top 10 teams in Inter-college Hackathon

Completed Foundational course in **Data Science and Machine Learning** from IIT Madras with 8.75 cgpa

Technical Skills

Languages: Java, Python, C/C++, SQL (Postgres), JavaScript, HTML/CSS
Frameworks: React, Node.js, Next.js, Supabase
Developer Tools: Git, Docker, VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse
Libraries: pandas, NumPy, Matplotlib
